LABOR'S APPEAL.

The letter signed by Samuel Gompers, James O'Connell, and Frank Morrison, and addressed to the laboring men of America, is one of the most significant documents of the campaign.

It is not an appeal solely nor chiefly in behalf of laboring men; it is an appeal to all men to act in the coming election as to promote the interest of all men; so to act as to establish peace permanently in America and so make possible those activities on which rest employment for labor and reasonable returns for capital.

It praises the President, "who without war has secured all the protection and benefits that would have accrued from a successful war."

That is the response that the intelligence of America makes to the inflamed partisanship and turbulent fanaticism of Hughes and Roosevelt.

In another paragraph the officers of the Federation of Labor portray the Mexican situation saying:

"The interests that have been seeking to plunge our country into war not only with European countries, but also with Mexico, are the interests that are represented by the most selfish and most conscienceless element of Wall Street."

In this contest the interests of labor and the interests of a representative democracy are one throughout. Organized Capitalism is today a menace to the Republic. It has sought in vain to intimidate Congress, then the President; now it is seeking to intimidate the public, and is massing its mercenaries behind Hughes. Let all friends of free government rejoice above all things that in America we have the secret ballot, the great protection of the man who is told his place depends on the way he votes.

The views expressed by this labor circular are broader, more comprehensive and more patriotic than any utterance from the Hughes camp. These gentlemen utter this warning.

"There is no doubt that the interest of Wall Street and their satellites all over the country are active and will continue their activity to retain the special privileges and power that they have secretively and corruptly stolen from the people."

"While property must be protected and respected, man—men, women and children, human beings—must have the first consideration."

Let every man take it to heart and devote the next two weeks to protection of the Republic:—Evening Post.

Judge R. G. Williams Speaks at Wildie.

He made a strong argument yesterday, in behalf of Woodrow Wilson, to a much interested crowd of Rockcastle voters. After discussing the necessity and wisdom of enacting the new Currency law, the Income Tax measure, the Rural Credit bill, the Farmers Loan act, Parcel Post, and Child Labor law, he said in part:

"My love for my native country and the deep seated interest in the future welfare and happiness of her people, prompted me to come here today. From early manhood I have striven to stand for and advocate these things which encourage and best serve our home people."

The most important election in the history of this great country is now upon us. A great and solemn duty rests upon every

voter, for it is not parties but patriotism that should guide us in our action at the polls. Let us lay aside party prejudice, forget every thing that would arouse party passion and looking only for the good of the whole country and the welfare of the great masses of the people, thinking of the peace we have the work of the future to maintain that peace, and seriously consider the question, is it right and and meet to re-elect Woodrow Wilson?

For more than three years he has been at the head of this great nation. In that period of time he has faced one serious crisis after another. He has handled every problem wisely and courageously, with a fixed purpose to serve the people as a whole. Peace we have and peace we will continue to have with Wilson as our President. The country was never more prosperous and we have the strength that comes with honor and integrity of purpose. Woodrow Wilson won victories by diplomacy that are far more important to mankind than any victory that could have been won by war.

My fellow countrymen, I beg of you to stop and think seriously of what war means. Think of the graves it would dig, of the widows it would leave, of the little children it would orphan, of the maimed and crippled returning penniless, of the tears and sorrow it would bring, of the property it would destroy, of the homes it would desolate, of the billions of dollars it would cost. Why have we escaped such a horrible condition? Only because Woodrow Wilson was President. He has striven day and night to keep us in peace and to do so with honor. He has been successful. The American people have tried him and at no time has he been found wanting. Isn't that the kind of man you want for President? Is he not justly entitled to your vote by reason of his wise and peace giving administration? Think, neighbors, think.

Living in Covington, I am just across the river from the great state of Ohio. I am familiar with its trend of thought in the Presidential race. I bring you a message that is true as holy writ. The men in the factories, those in the shops, the farmers and laborers in that great Republican state are for Woodrow Wilson. The farmers of Indiana and the miners of West Virginia, irrespective of politics, proclaim him the real friend of the laboring people. The West is on fire for him because of the many wise laws he has enacted especially beneficial to the farmers throughout the country.

But what of Rockcastle, that is so near and dear to my heart? With our farmers getting a dollar and fifty cents a bushel for wheat, ten cents a pound for hogs and prices in proportion for every other farm product, we can truly boast of prosperity. With plenty at hand, peace to be maintained, but with grave international questions confronting us, we should be patriotic enough to give Mr. Wilson the credit due him. Let us show our appreciation of his splendid work in protecting our lives and property by going to the polls on the 7th day of November and voting for his re-election.

We know exactly what to expect from him. It is not wise nor fair to change to an inexperienced and untried man in such critical times, just to satisfy the office seekers and calamity howlers. Which shall it be, the tried or the untried? Mr. Voter it is for you to say, and God Help you to decide wisely."

Judge Williams also spoke to a large audience at Brodhead last night.

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

The Third Annual Rural Church Institute under the auspices of the Kentucky Christian Bible School Association will be held at the Fox Creek Church, Anderson County, near Lawrenceburg, Oct. 23—27, 1916. Much attention has been given recently to the study of rural life problems, and Institutes of this sort are full of interest to a great many. Former Institutes were held at Providence in Jessamine County and North Middletown in Bourbon County. The last named had over 600 in attendance, half of whom were out of town delegates.

A strong program has been prepared for the Fox Creek Institute. Mr. Oscar E. Kelley, of Terre Haute, Indiana, a successful Rural Church specialist and prominent lecturer, will be present to give ten lectures and to lead in the discussions on the rural church. Other speakers will be W. J. Clarke, of Cincinnati, Adult Superin-

tendent of the American Christian Missionary Society; H. W. Carpenter, Chancellor of Transylvania University, Lexington; A. McLean of Cincinnati, President of the Foreign Christian Missionary Society; H. W. Elliott of Sulphur who will present the Kentucky Rural Church; Prof. C. D. Bohannon of the State University, Lexington; and other leaders prominent in rural work.

The Fox Creek people assisted by others in Anderson county will give free entertainment in their homes for the full five days to one hundred delegates. They are enthusiastically preparing for this great occasion and given assurance that a warm welcome awaits all who will come. All those coming to Lawrenceburg by rail will be met at the station and taken directly to Fox Creek by a committee that will give free transportation. Already reservations for entertainment have been made by a number for the full five days, and the prospect for a large attendance is very good.

ORDER TO CALL ELECTION ON STOCK LAW.

Whereas, a petition was on the 4th day of September, 1916, filed with the County Court Clerk of the County, signed by more than twenty legal voters of voting precinct No. 13 (Wildie), in Rockcastle county, asking the submission of the question, whether cattle or any species thereof shall be permitted to run at large in said voting precinct. It is now ordered by the court that a poll be opened in said voting precinct at the next general election to be held in said precinct on the 7th day of November, 1916, for the purpose of ascertaining the will of the voters of said voting precinct upon said question.

D. M. Cress, the hustling young
stock trader of the Level Green
section, sold last week to John
Cress of Preachersville, 638
geese. This is probably the
largest bunch of geese ever sold
delivered at one time in Rock-
castle County.

The Basket ball team of the
Graded school went up to Lon-
don Tuesday afternoon and play-
ed the team of the Sue Beannett.
From the score which stood 42
to 10 it looks as if our boys got
in too fast company.

Judge B. J. Bethorum, Capt. Jack-
son Morris and Congressman Caleb
Powers spoke here Wednesday
at Brodhead at night. Judge
Denton of Somerset and H. C.
Anderson spoke at Orlando the
same night. Good crowds greet-
ed the speakers at each point.

A new road leading off from
Boone Way near the Schaffer
place has been opened to connect
at Hiatt. This will not only
shorten the route but puts the
road on a good grade and elimi-
nates the rocky hill leading off
at the Purcell hill as it now runs.

Rube Abney Jr. who shot and
killed Tom Linville on the road
near Scaffold Cane two weeks ago
had his examining trial yester-
day. Only the evidence of the
Commonwealth was heard, when
the defendant was discharged.
by Judge Ballard, who tried the
case.

The road truck which Herbert
Cox has been driving in Bell
county was burned up a few
days ago. While working around
the car by the light of a lan-
tern, the car took fire. Her-
bert will go to Louisville Sun-
day night where he will run a
"jitney" on Broadway.

Harvey James, who is always
on the job when there is any
brick work in Mt. Vernon, is here
working with Johnny Ramsey
laying brick on the addition to
Judge L. W. Bethorum's office
and as soon as that is complet-
ed will go to work on Noe's brick
store building at corner of Main
and Williams street.

Uncle Johnny Mize who was
80 years and 4 months old Tues-
day, walked into town seven
miles Monday morning and back
home that night, making fourteen
miles in all to hear Senator Beck-
ham speak. Uncle Johnny came
into town walking as briskly as
one many years his junior. When
asked if he was very much fati-
gued his reply "No," and added
"I have come to hear Beckham
and if I can just get through
until Nov. 7th, so I can cast a
vote for Woodrow Wilson I will
be satisfied." Uncle Johnny has
been a life long democrat.

L. T. Stewart, one of the most
substantial farmers of the East
side of the county died last Fri-
day at his home near Wildie.
The deceased was about 55 years
of age and leaves three children,
one grown daughter and two
sons, his wife having preceded
him to the grave several years.
Rockcastle had no bigger hearte-
d man than Tom Stewart, which
fact is evidenced by his many
acts of charity, to those around
him, who have been less fortun-
ate than he in the accumula-
tion of this world's goods. A
splendid business man, loyal to
his friends, but better against
his enemies, there was never any
doubt in placing him. Besides
his three children, he leaves one
sister, Mrs. H. H. Wood and
three brothers. A. W. Stewart, of
Madison county, W. S. Stewart,
of Knox county and Judge I. A.
Stewart of DeLand Fla. The
burial took place Saturday at
the Brannaman burying ground,
with Masonic honors, of which
order he had been an honored
member for many years.

WRONG DATE:—Our foreman
in changing the date on paper
read his calendar wrong, and
changed the heading to read Nov. 3,
instead of Oct. 27. Whether error
was not detected until the first side had
been run. High cost of paper will
not warrant the loss of a single
sheet, which can be avoided. We
regret such errors but they come
with the best of us. At the top of
the editorial column and at the
top of first column on the local
page, the correct dates appear.

The Amphitheater of the Mt.
Vernon Fair Association burned
Wednesday about 2 o'clock. One
report says there had been some
crap shooters in the building
during the fore noon and an
other report is that some boys
were playing in the building. At
any rate, let it be as it may the
building burned and there is no
question but that it was set, either
intentionally or unintentionally.
The building was not insured for
the reason that insurance could
not be had from any reputable
company. For the benefit of
those who may want to know,
we are authorized to say by the
officers of the Association, that
the loss of the building will in no
way effect the future of the As-
sociation. Next year will see a
larger and much better building
than the one just burned. The
loss is a pretty heavy blow to
the Association but of the two
hundred stock holders, there
are enough who are sufficiently
interested to insure the erection
of a new Amphitheater in plenty
of time for 1917.

BIG CROWD:—The Court room
would not hold the crowd Mon-
day to hear Senator J. C. W.
Beckham speak. Chairs were
carried in and every available
spot was used, and yet many
who tried to gain entrance went
away, without even standing room.
Senator Beckham spoke for two
hours and ten minutes dealing
with the achievements accom-
plished and many good laws pass-
ed by the present administra-
tion under the leadership of that
matchless leader Woodrow Wil-
son. Senator Beckham is a strong
and forceful speaker, makes no
attempts at oratory, but deals with
acts as he finds them, conceding
to others the same rights he claims
for himself, which eliminates
from his speech abuse in any
form, of those of the opposing
parties. Senator Beckham is
very popular with Rockcastle
democrats and many republicans
who gave him a hearing Monday,
were impressed with the sincer-
ity of his purpose and the
fairness of his argument. He
spoke at London Tuesday and
at Corbin Tuesday night. From
here he went to Western Ken-
tucky where he will be engaged
until the election.

SOCK SOCIAL

The "Willing Workers" of
the Christian church made quite
a success of their "Sock Social".
The little socks were made by
the ladies, and like the coat that
Jacob made for his son Joseph
were of many colors. Each little
sock was sped on its way be-
tween the folds of poem that
explained its mission. This poem
doubtless inspired by some hour
of need, aided by some practical
muse was very "touching" Many
of these little socks made long
trips: some westward to the
Pacific coast some northward to
the Great Lakes some eastward
to the Atlantic coast, and some
to the Southland. Some of the
little socks never come back to
the loving embrace of the old
mother sock, but many made
these long trips and returned to
gladden the hearts of the senders.
Others found a welcome in some
Mt. Vernon home and were
carried tenderly to the Masonic
hall on the evening of the nine-
teenth. And every little sock
had money in it—some little money,
some bigger money—but all money.
There were more money in socks
than in any other article in their
class handled in Mt. Vernon on
that evening. But this was not
all of the "Sock Social". The
ladies entertained their guests in
the Masonic hall rooms where
they served delightful cream and
cake. The time spent socially
was profitable and pleasant to all.
The parent sock into which the
socks were dropped contained a
very satisfactory sum. And all
felt that the sock idea and the
social idea had blended in such a
way that each made the other
worthwhile.

J. L. Kegley, a horse trader,
who has been around Brodhead
since August, 1915, was arrested
by Sheriff Mullins and Jailer Win-
stee, Saturday, as alias C. J. Ray-
mond, who is wanted in New York
on a charge of grand larceny, for
whom there is a \$1,000 reward.
The picture of Raymond resem-
bles Kigley very much and the
description is perfect, except the
dimple in the chin, which Ray-
mond had and Kigley does not
have. Kigley was held here until
Wednesday awaiting the arrival
of an officer from New York, who
did not show up and he was re-
leased. Kigley took the arrest
very calmly and the manner in
which he conducted himself had
much to do with establishing the
belief that he was not the man.
Victor C. Beck, a former druggist
in Mt. Vernon, but now post office
inspector, came here yesterday
morning to make further investi-
gation as to the identity of Kig-
ley, who is known very little of
around Brodhead, where he has
lived for the past year. During
his sojourn in the county he has
been a reputable, law abiding
citizen.

After interviewing Mr. Kegley,
Inspector Beck was convinced that
he is not the man wanted.

THE STORE THAT SELL SFOR CASH

MINNEAPOLIS, MINN., Oct. 23—
Flour prices increased 20 to 50
cents, a barrel here today as a
result of the bullish condition of
the wheat market and reports of
a strong foreign demand.
Fancy patents, which sold
Saturday at \$9.35, were quoted
today at \$9.55. That grade of
flour has increased 65 cents a
barrel in one week. First clears
sold for \$7.90 today, an increase
of 30 cents, while second clears
sold at \$5, an increase of 50 cents
a barrel.

BAD COLDS FROM LITTLE SNEEZES GROW

Many colds that hang on all
winter start with a sneeze,
a sore throat, a tight
chest. You know the symptoms
of colds, and you know prompt
treatment will break them up.
Dr. King's New Discovery,
with its soothing antiseptic bal-
sams, has been breaking up colds
and healing coughs of young and
old for 17 years. Dr. King's New
Discovery loosens the phlegm,
clears the head, soothes the ir-
ritated membrane and makes
breathing easier. At your drug-
gist, 50c.

HOW CATARRH IS CONTRACTED

Mothers are sometimes so
thoughtless as to neglect the
colds which their children con-
tract. The inflammation of the
mucous membrane, at first acute,
becomes chronic catarrh, a dis-
ease that is seldom cured and
that may prove a life's burden.
Many persons who has this
loathsome disease will remem-
ber having had frequent colds
at the time it was contracted.
A little forethought, a bottle of
Chamorro's Cough Remedy
judiciously used and this trouble
might have been avoided. Ob-
tainable everywhere.

LIVINGSTON

[Continued from 1st page]

day took their classes to Wild Cat Mountain to view that historical battleground. They visited the Wild Cat Mountain School, made several speeches and had refreshments on the ground and from what we can gather all had an enjoyable time and spent the day in sight-seeing. Judge Mahlon Summers has returned from Louisville, where he attended the meeting of the Grand Lodge Free Masons, and reports a nice time. Mr. and Mrs. Earl Rice, of Louisville, have returned home after a few days visit with relatives here. We were in Mt. Vernon a few days ago and spent a delightful evening with the splendid citizens of that place. First, we visited the large and up-to-date store of J. Fish & Son, after shaking hands with the accommodating managers of that store. We passed on to Fred Baker's, who has a nice line of goods and is doing a hustling business. Then we visited Jonas McKenzie's store and found him busy waiting on numerous customers. From there we went to Sutton & McBees large store where we and both of the proprietors hustling to wait on their large trade. We visited the banks and found F. L. Thompson, Jr., and Victor Tate ever ready to wait on their customers. We met Sheriff Cam Mullins, Clerk T. J. Nicely, W. M. Poynter, W. H. Kruger, Dr. Walker Owens. We met J. M. Craig, the hustling trader from the Quail section, and then we were met by the Editor with his auto and went with him and his family to where the new

bridge is being built across Renfro's creek and back to Mt. Vernon, a most enjoyable trip. When we returned, the electric lights were burning and we witnessed a blessing, and an essential that we in Livingston are denied. About 10 p. m. we went to the depot and spent the time on 121, with our old school mate, J. J. Lawrence, and talked our old Level Green School days all over, but it makes one sad to recall those days for some of that class are in other states, and some have crossed the silent river and we trust are with their creator in a better world than this. In conclusion, will say, if one wishes to pass a day in sight-seeing, he could not pass it any better than to visit Mt. Vernon and take a trip over the splendid new pike. Mr. and Mrs. J. J. Palmer, of Lebanon Junction, are visiting his sister, Mrs. C. E. Rice, at this place.

ORDER TO CALL ELECTION ON STOCK LAW.

Whereas, a petition was on the 4th day of September, 1916 filed with the County Court Clerk of the county, signed by more than twenty legal voters of voting precinct No. 4 (Seaford Canal), in Rockcastle county, asking the submission of the question, whether cattle or any species thereof, shall be permitted to run at large in said voting precinct. It is now ordered by the court that a poll be opened in said voting precinct at the next general election to be held in said precinct on the 7th day of November, 1916, for the purpose of ascertaining the will of the voters of said voting precinct upon said question.

THE ALBANIANS

WHILE the people of the United States have been sending thirty million dollars' of relief to Europe and Turkey, two hundred thousand women and children in Albania have died of starvation.

While each woman and child in Belgium has had plenty to eat, women and children in Albania have gnawed at the carcasses of dead horses in the streets.

William Willard Howard, of New York, who has returned from his third trip to this hungry land of Europe, reports that the entire population of Albania will starve unless relief is sent.

"The tragedy of Albania," says Mr. Howard, "is that a nation is dying of hunger, while the people of the United States, laden with food for the rest of Europe and for Turkey, pass by on the other side."

"Thirty millions of dollars have been given by the people of U. S. for relief work of various kinds in Belgium, Poland, Armenia, Syria, and the warring countries of Europe, while two hundred thousand women and children in Southeastern Europe have starved to death unheeded and uncared for. Not one woman or child has died of hunger in Belgium; two hundred thousand in Albania."

"Is it fair—is it human—that the innocent women and children of Albania, who never did anyone any harm, should be trampled under foot and left to perish, a time when all others are fed?"

"Is this American fair play? I have appealed for help in high places. I have begged a crust of bread of those who have given millions to Belgium, Poland, Armenia, and Syria. I have begged in vain."

"The Albanians are as much entitled to help and sympathy as others. They have not taken any part in the war. They fed and sheltered the refugees from Serbia, even with the last meal of corn that the famine-stricken villages possessed. They have not done any wrong; yet armies have swept over their country, taking what could be found to take, leaving the starving women and children only the carcasses of dead horses in the streets."

"I only ask American fair play for the famished children of Albania. I ask all fair-minded men and women in the United States: Why should the Albanians—three hundred thousand of whom are Christians—be left to starve, while we press forward in generous rivalry, to feed the others? The Albanians are more numerous than the Armenians; yet we feed the Armenians and let the Albanians starve."

"Having appealed to deaf ears in high places I now appeal to the plain people—to fair-minded men and women who should not let even a dog starve to death, no matter what his breed. I want to go back to Albania with a shipload of food. I have arranged for a ship—a new American ship, just launched and ready for sea. The ship is ready and waiting."

"A number of distinguished men in New York—mostly clergymen and editors of newspapers—will co-operate in an appeal for a relief cargo for the ship. The treasurer selected to receive contributions is the Rev. Fredrick Lynch, D. D., editor of Christian Work and secretary of the Carnegie Church Peace Union. Contributions in any amount—from the price of a loaf of bread upward—may be sent to the Balkan Relief Fund, 70 Fifth Avenue, New York City."

SAYS OVEREATING BANKRUPTS MANY

Physical Insolvency Awaits For
Those Who Abuse Stomachs.

MEALS SHOULD PAY DIVIDENDS

Tanlac Health Expert Chats In Novel Way of Bodily Problems and Describes New Treatment Which Has Proved Tremendous Success Everywhere Introduced—"Tired Feeling" No Joke.

"Are your meals paying you dividends?" "Or are they plunging you into physical bankruptcy?"

These were novel questions the Tanlac health expert recently asked. He continued:

"Every meal you eat should give you more than mere satisfaction of your hunger. It should add to your supply of blood, bone and muscle. It should give you more strength, more vigor, more vitality to carry out pleasantly and profitably through life."

"Tired Feeling" No Joke.

"You will notice that some people never get plump. No matter how much or how little they eat, they remain scrawny and thin. They are weak, anemic, easily exhausted, and afflicted with 'tired feeling,' which is no joke, but a symptom of dangerous illness on the way. Such people are seldom happy. They are always weary, and often nervous and irritable. They don't sleep well. Their stomachs are a source of constant distress and discomfort. Belching and bloating from gas, headaches, dizziness, indigestion, dyspepsia, pains in the back, and other ailments keep them almost constantly miserable."

Tanlac Great Success.

"Tanlac, the new tonic which has been having such wonderful success everywhere it has been introduced, is designed to relieve disorders which have their origin in a run-down condition of the digestive and assimilative organs. Its success as a reconstructive tonic, appetizer, invigorant and revitalizer depends in large part upon its having aided digestion and promoted assimilation, so that food taken into the system becomes a benefit. When the stomach and other digestive organs are in good condition, the foundation of health has been laid."

Tanlac, the ideal reconstructive tonic, is being especially introduced in Mt. Vernon at R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead; W. M. Owens' Store, Barr; Line Bros., Crab Orchard; S. E. Welch, Berea; J. Reynolds & Son, Bee Lick, where the Tanlac man explains its merits.

YEARS ago a suit of clothes shipped from Mount Vernon to Louisville by express cost twenty-five cents. It increased until a few years ago the express on the same sized package was forty-five cents. Then came Woodrow Wilson and the Parcel Post and now you can send that package from here to Louisville for eight cents. Let us lay aside our prejudices and vote for the man who is the cause of such legislation enacted for the benefit of the people.

The rural mail routes have been extended to 1000 miles and thereby reach 2,500,000 more country than ever before. Who is responsible for this? Woodrow Wilson. Who has put the Post Office Department on a self-supporting basis? Woodrow Wilson.

Remember, Mr. Voter, that Woodrow Wilson has kept us in peace, while the balance of the world is engaged in a horrible war. That war has not ended. Is it safe to trade horses in the middle of the stream?

What would he give for the coffee you serve?

Like a million other women, you can serve coffee that he would give most anything to have—coffee which starts the day "right" for all.

Everyone loves the rich flavor of Arbuckles' Coffee. Of all the coffees in America today, it is by far the most popular!

Today there are whole towns where Arbuckles is practically the only coffee used. In one State, alone, in a year, four pounds of Arbuckles' Coffee was used for every man, woman and child in the State—four times as many pounds of coffee as the population of the State! Arbuckles' Coffee, New York.

One woman says: "My husband used to swallow his coffee and hurry off. Now we have Arbuckles' and you'd think it was Sunday the way he lingers over his breakfast."

Until you try Arbuckles' you will never know what a difference good coffee can make in your home.

MAINE AND TENNESSEE

Our Republican friends are easily controlled when they see anything in the Maine election returns of comfort to their cause.

In pre-election discussions altogether too much has been made of the vote in Maine in the last three or four years when political conditions were admittedly abnormal. The only real test is to go back to those Presidential years when two parties only confronted each other, and the September election in Maine was construed only as a guide to the November result by ascertaining if the Republican majority went over or under 20,000.

Judged by such tests the recent in Maine is distinctly encouraging to the Democratic party. In this election the Republican candidates seem to have carried Maine by majorities ranging from 9,500 to 13,500. The smallest majority heretofore recorded for a Republican ticket in Maine in September in a normal Presidential year was in 1862. That year the Republicans carried Maine in September by 14,700 and in November following Grover Cleveland was elected President by a overwhelming majority in the electoral college.

In 1896 McKinley carried Maine by 47,777, and in 1900 the same candidate won in Maine by 28,612. In 1914 Roosevelt, 35,807 over Parker in Maine and in 1908 Taft defeated Bryan by 8,514. It is obvious from these figures that the Republican majority in Maine shows a shrinkage that, in so far as such an election can indicate anything, it indicates a sweeping Democratic victory in the country in November.

The desperate plight that the Republican managers are when they claim a victory in Maine is indicated by a victory in the nation can best be illustrated by considering some State with similar political antecedents in the South. We will not say Texas or Alabama, for those states have never given a Republican majority since the days of reconstruction. Tennessee is a fair illustration. Tennessee has once or twice, on local issues, returned Republicans candidates for Governor. If Tennessee should go Republican this year, we submit the conclusion would be much the same as if Maine had gone Democratic; in other words it would have been a crushing

ORDER TO CALL ELECTION ON STOCK LAW.

Whereas, a petition was on the 4th day of September, 1916, filed with the County Court Clerk of the County, signed by more than twenty legal voters of voting precinct No. 6 (Orlando) in Rockcastle county, asking the submission of the question, whether cattle or any species thereof, shall be permitted to run at large in said voting precinct. It is now ordered by the court that a poll be opened in said voting precinct at the next general election to be held in said precinct on the 7th day of November, 1916, for the purpose of ascertaining the will of the voters of said voting precinct upon said question.
